Analysis of Comments Received

All issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the Agreement and suspended AD investigation were terminated, are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. A complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, we determine that termination of the Agreement and suspended AD investigation on sugar from Mexico is likely to lead to the continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 42.14.⁸
